

2006 Pilatus PC-12 SN 739 ZS-CWM

Ample cabin-class seating and reliability with a price tag that's lower than that of comparable aircraft.

General Description

This PC-12 is priced well ahead of the market at \$2,299,000 and INCLUDES up to \$50,000 worth of relocation expenses to your location. Single-side EFIS increases system redundancy, eight place configuration BMW Platinum edition and flown by the same pilot since new under two owners. Current on ExecuJet Charter Certificate and no known damage history. This is a great deal on a great aircraft that people keep missing because the plane isn't located in the US. Save a couple hundred thousand and buy this one!
